THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
- 5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. **EXAMINATION ON ARRIVAL
2014 Veterinary Regulations Article 1032**

On arrival at an Event venue all Horses must undergo an examination by a veterinarian to confirm their identification from their passport, their vaccination status and general health. To protect all horses attending events, any Horse with a questionable health status, with regards to vaccination, disease or other concerns, must be stabled within the isolation facilities provided by the Organising Committee pending a decision on entering the venue.

**HORSE INSPECTIONS
2014 Veterinary Regulations Article 1033**

All Horses will be assessed for their orthopaedic fitness to compete during the Horse Inspection. Any Horse demonstrating questionable fitness may be referred to the Holding Box for further veterinary examination. Horses not deemed fit not to compete will be eliminated by the Ground Jury and not be permitted to continue in the competition.

LIMB SENSITIVITY EXAMINATION

Horses are not eligible to compete when a limb, or part of a limb, is hyposensitive or hypersensitive (both of which shall constitute "abnormal limb sensitivity"). Hypersensitive limbs have an excessive or abnormal reaction to palpation. Hyposensitive limbs include any alteration in sensitivity induced by a neurectomy or chemical desensitisation for as long as the alteration in sensitivity persists.

All Horses are subject to Examination under the Protocol for abnormal limb sensitivity throughout the Period of an Event, including, but not limited to, between rounds and before the Jump Off. Horses may be examined once or on multiple occasions during the Period of an Event.

Horses may be selected for Examination under the Protocol randomly or they may be targeted. All Horses selected to be tested must submit promptly to the Examination or are subject to immediate Disqualification. There is no obligation to examine any specific number of Horses at an Event.

Competition. No. 5**

Article:

Scoring and classification: analogues to Rules for Jumping Art. 270:

The obstacles carry points from 10 to 120 according to difficulty. The obstacles may be approached in both directions, but each obstacle only twice. The athlete is credited with the number of points carried by each obstacle that he has driven correctly. In a fixed time the driver may pass all the obstacles he wishes in any order and in any direction. He must cross the starting line in either direction. Ringing the bell declares the end of the round. The athlete must then cross the finishing line in one direction or the other to allow his time to be recorded. If the fixed time is reached at the moment when part of the combination (horses/vehicle) is in the obstacle, this obstacle counts if it is correctly taken.

Any obstacle knocked down during a round will not be rebuilt, if it is used again, no points will be credited to the athlete. Taking an obstacle more than twice does not incur elimination; however the athlete does not score the points allotted to this obstacle. One obstacle duly marked by flags is the "joker". The "joker" may also be taken twice; 200 points are awarded each time this obstacle is driven correctly, but if it is knocked down 200 points are deducted.

Winner is the athlete who has obtained the highest number of points. In case of equality of points and time for the first place, there will be a drive-off over the same course with shortened time.
